TOPBRIGHT

Children discover the world through play, learn new things every day and continue to develop. In doing so, they can show what they are capable of and find out what they are enthusiastic about and interested in.

We firmly believe that toys can be entertaining and teach children at the same time. That's why our TOPBRIGHT and SCIENCE CAN brands focus on high-quality educational toys that combine learning with fun. From educational toys to experiment kits, for younger and older kids - it is important to us that our toys support children in their development and awaken their hidden talents and interests. In this way, we accompany and encourage children through the stages of growing up.

When developing our products, we always make sure that they are tailored to the needs of children, parents, and the market. Our passion for innovation is reflected in our products. Each of our products has been carefully developed. We always make sure to offer a great deal of added value. Our products grow with the children and offer them exciting functions for different age groups. With the various features, children learn new skills through play and often test themselves independently. In this way, our products also support parents.

PRESENCE IN CHINA

TOPBRIGHT

TOPBRIGHT's educational toys support babies, toddlers, and children in their early childhood development.

Our products focus on playful learning and discovering the world. They are made for children, but we also think of the parents. Developed in a needs-orientated way, our modern educational toys accompany children through the stages of growing up. At the same time, they support parents during the developmental milestones of their little ones. Our designs are therefore both multifunctional and appealing. For us, the mix of high-quality materials is just as important as having fun while learning.

TOPBRIGHT

Always by your side, always caring.

The whale is both an intelligent cuddly toy and a helpful support for parents. It gives parents the certainty that their baby is in good hands and that they can rely on a dependable companion who will soothe their baby immediately if it wakes up and cries. The whale is not just a product, but a loyal friend for babies. Just as real whales lovingly care for their little ones, our whale will always be by your baby's side to soothe and comfort them.

Grow your own crystals on
the back of a dinosaur

1600722022ig0101 | 8-14Y

- Three different dinosaur figures with matching colored crystal powder
- Promotes scientific understanding in a playful way
- Ideal as a children's room decoration after the experiment

MIX CRYSTAL POWDER
WITH WATER

POUR THE LIQUID OVER
THE DINO IN THE EGG

DINO CRYSTAL AFTER
APPROX. 24 HOURS

(24 h)

METEOROLOGY LAB

Create your own weather
and explore it through play

1600212024ig0002 | 4-10Y

- Simulation of realistic weather phenomena with clear instructions
- Additional explanations for each weather phenomenon
- Playful introduction to meteorology

SWITCHES FOR AIR PRESSURE,
TEMPERATURE, HUMIDITY, AND
AIR FLOW

8 WEATHER PHENOMENA
TO SIMULATE

WITH HUMIDIFIER
FUNCTION

4 WHITE NOISES

INSECT & AQUA EXPLORER SET

Explore the exciting world of insects & aquatic small animals

- Upper, removable dry chamber with LED incident light
- Lower waterproof chamber with water marking
- Contains the essentials for first discoveries: Landing net, insect catcher, magnifying glass, and tweezers
- Large opening for careful insertion and removal

1601732024ig0002 | 4-10Y

VENTILATION HOLES FOR OPTIMAL AIR CIRCULATION

2-CHAMBER OBSERVATION STATION WITH LED LIGHT

VENTILATION HOLES FOR OPTIMAL AIR CIRCULATION

PRACTICAL CARRYING HANDLE

BRAIN JOGGING - SMART IN THE BRAIN

The brain trainer for the whole family

This is boosted with the Schulte tables:

- Concentration
- Attention span
- Peripheral vision
- Reading speed
- Working memory
- Visual perception

- Schulte mode: Press the numbers on the Schulte cards in the correct order from the smallest to the largest number, with sound & light
- Schulte Pro mode: Press the numbers on the Schulte cards in the correct order from the smallest to the largest number, increased difficulty without sound & light
- Sequential memory: Repeat the light sequences in the correct order
- Graphic memory: Repeat the patterns shown
- Conscious screen time-out

1602062023ig0002 | 6-99Y

MENTALWORKOUT TO IMPROVE MEMORY & CONCENTRATION

4 GAME MODES WITH 70 CHALLENGES

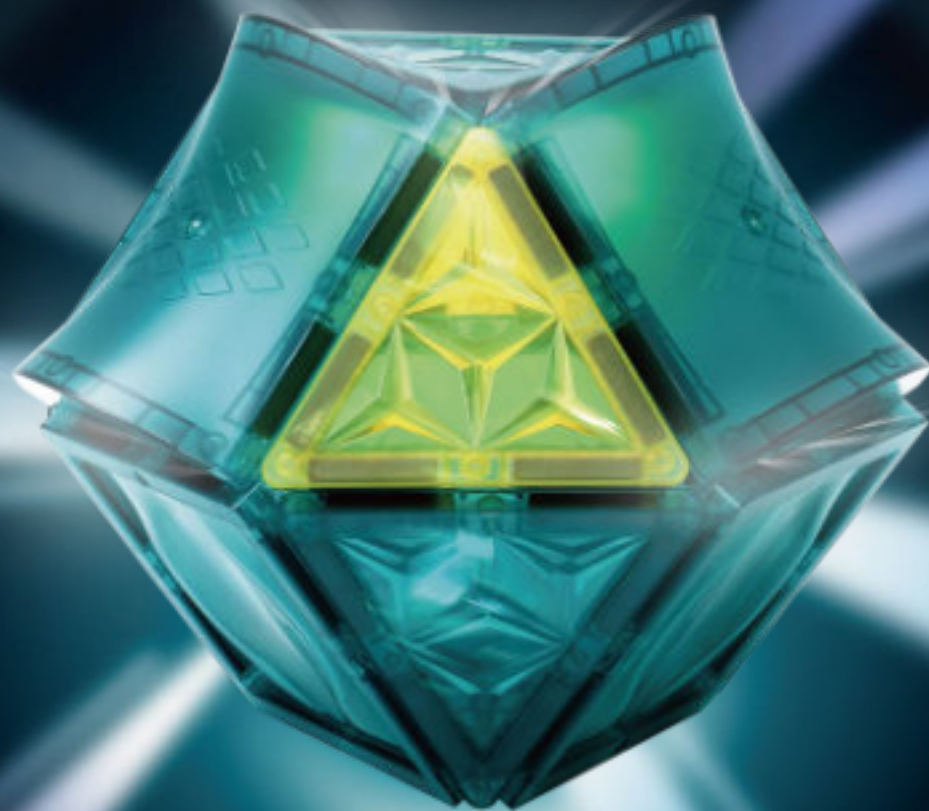

IMPROVEMENT OF PERIPHERAL VISION & READING SPEED

SCHULTE CARDS BASED ON THE TABLES OF PROF. DR. SCHULTE
